

Directions to Lethornes, Upper Lambourn RG17 8QP from M4 motorway

Get off at J14 on roundabout go towards Wantage for ¼ mile and then take first turn left getting The Pheasant pub on your right and you drive for a few miles until you come to The Hare pub on your left and you turn down right into the village of Lambourn, you can go right through the village and over the crossroads and then you take the first turn left with the chemist on your left and the bookies on your right. *Go to the end of that road and turn right, you are now on the B4000 going towards Ashbury.

Drive nearly 1 mile, don't take the first turning right, don't take the next turning right down to the Malt Shovel pub but directly after that turning look right and you will see a red brick house and in about 100 yards you come to the driveway and there are two big stone dogs in the driveway AND A HORSEBOX! This means you have come to the right house! It is called Lethornes. If you get lost in spite of these terrific directions just ring 01488 71300 or ask someone walking along the road if they know where Kelly Marks' lives.

If for some reason you choose to miss out the M4 and cut down through Wantage to Lambourn (look at a map!) you get some stunning views of the racehorse gallops that way, if you do this as you cross the small bridge going into Lambourn you go on until you see the Lambourn Pharmacy and turn right in front of it (bookies on your right) and continue from the * in the directions above.

Look forward to seeing you!
