

## The 16 □steps to a Perfect Manners Advanced Rosette

### To achieve the Perfect Manners Standard Rosette complete 8 of these steps

- The horse can be lead with his head level with the handler with a smile in the line □
- The horse will mirror the handler's walk at slow, medium and fast □
- The horse stops when the handler stops and walks when the handler walks □
- The horse will stand still 3 metres from the handler on a loose lead for 30 seconds □
- The horse can back up 10 consistent smooth steps with a relaxed head carriage, in a straight line □
- The horse can lower his head level to his knees on request (on a non grass surface) □
- The horse will accept a plastic bag on a stick all over him □
- The horse can easily pick up each foot from the opposite side □
- The horse is good to catch □
- The horse can back up both ways through the L shape with poles at a distance of 100 cms apart □
- Standing with one front foot over a pole and next one back foot over a pole □
- The horse will load and unload easily at a steady walk □
- The handler can stand on a block with the horse 3 metres away and ask the horse on a line to position himself *as if* to be mounted□
- The horse can walk round the handler in a turn on the forehand □
- The horse can be unclipped and do follow up circles with the handler (hint: this will be easier on a non grass area) □
- The handler can stand by the girth or shoulder area with their back to the horse and have the horse turn his head as though hugging the owner for five seconds. To the left and right with the horse not moving his feet □
